# Taxation

- *Exploring loyalty and responsibility across varying jurisdictions.*
- *Delving into currency regulations and the careful execution of international export agreements.*
- *Tax rules should be considered when concluding contracts.*

**The most frequently asked questions in my practice by foreign investors regarding Ukraine are: - "Is it possible to resist raiders?"**

*Keeping it real in the business game, thinking outside the box, cooking up fresh legal moves, and having a squad of top-notch legal eagles are the secret recipe for staying safe and sound.*

*Right from the start, it's essential to thoroughly plan documents and keep costs within reasonable limits while strictly adhering to legal requirements.*

## Tokens, Diamonds, and Charitable Foundations.

**We are trusted.**

*An example of sprinkling some legal magic on Clients to sail smoothly into the global digital wave is **AgroGloryTime**. They boldly dove into the digital pool, transforming assets and even minting their very own token (AGTI) on a worldwide crypto stage!*
